We need more
~~more~~ Tesla's

Air pollution
is bad!!!

Let's all get
Tesla's!!!

We need
Tesla prices
to go down so
they are affordable \$20,000

Tesla's don't use
gas so they
don't ~~cause~~
cause
air pollution
So more
Tesla's will help
the air.

Cars that run
on gasoline are
polluting the air
and causing breathing
problems.

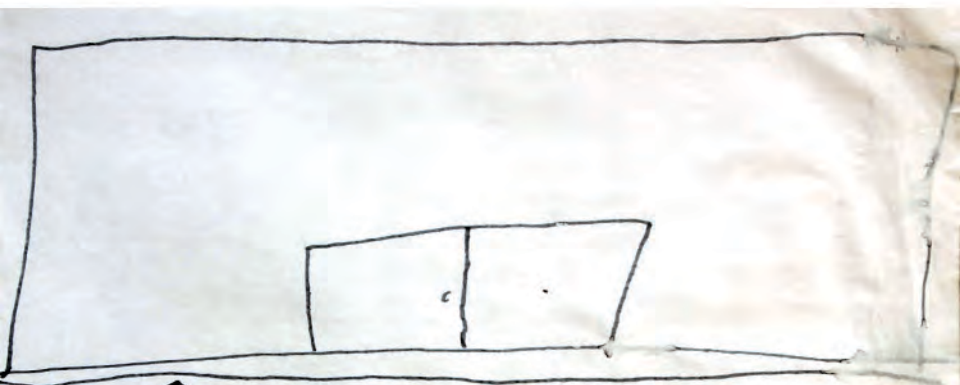

Air pollution
causes Asthma
Asthma is common
and it causes
breathing
problems.

days
back!

We have a problem...
in the winter,
~~we~~ when there's
enough snow,
we still have
school online!

BUT...

After more...

About gun violence

by: Rosie
black and
white etc

People have
guns and shoot
people which
is bad and
scary!

All over
da news, people
shoot others
with guns which
is violent.

So, I am worried
if police officers
will watch people
with guns all
day and night!

Da
End.

1. Make onnings + AC mandatory in stores

2. More trees

3. Make ACs Free for Poorer People
(they all have ac)

Less Plastic
Save Sea
Animals!!!

JEWELS

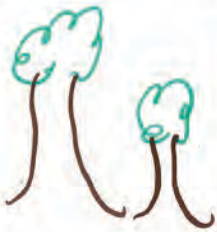

No plastic
in ocean!

To help the wind and oxygen is by growing more trees and having less car with gases.

To have more cars that are electric.

To have more trees so we can have more oxygen.
